

Module # 1

Instructor: Tehreem Aslam
Sections: D & E

Email: tehreem.aslam@nu.edu.pk
Due Date: Mid – 1 Exam

Instructions:

1. This is Module 1 of SE Project and should necessarily contain the discussion, comments, and conclusion about the solution. You will have maximum marks if you have done the entire task. Without that, you will not get full marks.
 2. This is a **Group (3 members)** project. **PLAGIARISM IS NOT ACCEPTABLE!**
 3. Deadlines should be kept in mind **no extension** in assigned dates.
 4. A single violation of guidelines will lead to **ZERO** marks in your whole project.
-

Congratulations! Your team has been funded to produce the

- Food Panda App (Section E)
- Hotel Reservation System (Section D)

You need to define the project, as a basis for your later design and implementation. Your first deliverable is a set of requirements documents (SRS). You need to perform the following requirements Engineering tasks:

1. Inception
2. Elicitation
3. Modeling (CRC)
4. Specification (SRS)
5. Validation
